ABOUT THE COMPANY

We are one of the leading manufacturers of wooden doors, frames and attic stairs. The company was established in 1986 in Ilawa, a picturesquely located town in the Warmińsko-Mazurskie Voivodeship. Thanks to efficient management and constant investments, RADEX has quickly become an important producer of doors and attic stairs on the European market. Our company is a dynamically developing company in its sector. You will find our products in the largest retail chains in Poland and many European countries.

WALL-MOUNTED SYSTEM - RADEX

PRODUCT FEATURES

- door leaf weight up to 80 kg
- door thickness 40 mm
- length of the guide 1500, 1800, 2000 mm
- easy assembly
- quiet and smooth movement
- door stoppers in the set

PRODUCT DESCRIPTION

The sliding system is dedicated to the door models of our production, marked with the sliding door symbol. It is ideal for rooms where space plays a key role. It allows the implementation of arrangements taking into account the limitations in the possibility of mounting standard doors. It is a convenient solution in everyday use, but it allows for a unique composition of interior design.
