ABOUT US

RADEX®

MODERN

We are one of the leading manufacturers of wooden doors and frames. The company was established in 1986 in Iława, a picturesquely located town in the Warmińsko-Mazurskie Voivodeship.

Thanks to efficient management and constant investments, RADEX has quickly become an important manufacturer of doors on the European market. Our company is a dynamically developing enterprise in its sector. You will find our products in the largest retail chains in Poland and many European countries.

RADEX®
MODERN

MODERN DOOR COLLECTION

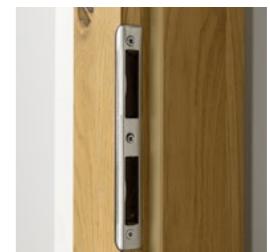

NATURE, DESIGN, EXCELLENCE

The Modern collection is a line of innovative interior doors, which will transform every room into a designer-style interior. The top-quality natural veneer used in the production process highlights the beauty of the wood, eliminating the major flaws of the solid material. The noticeable wood grain and wood structure, one-of-a-kind designs and timeless colours make Modern doors premium-class products – natural and friendly to the environment.
